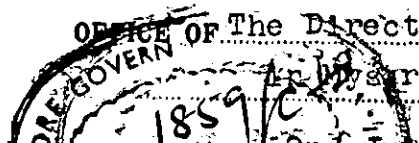
OFFICE OF The Director of Archaeology in Mysore MYSORE

URGENT.



Date 2nd July 1955.

To

The Secretary to the Government of Mysore,
Home, Forest and Agriculture Departments,
Atara Kacheri, Bangalore.I.

Sir,

1) During the recent tour in parts of Tumkur and Shimoga Districts undertaken by my Assistants, a valuable and highly interesting hoard of three copper plate records were discovered at the village of Chiksarangi in the Tumkur Taluk. They have been brought over to the Office on loan for being deciphered. Two of them containing five plates each belong to the reign of the Ganga king Sripurusha, who ruled over the province of 'Gangavadi 96000' between the years 726 and 800 A.D. The other set of copper plate record contains seven plates and belongs to the Rashtrakutas and of about the same date. All these three sets of copper plate records throw much additional light on the history of the Gangasand Rashtrakutas. They belong to a private person who is a resident of the village It is necessary to acquire them for the Museum of this Department. The party may be paid Rs.85/- towards the cost of these

three sets of records. I request that I may kindly be permitted to acquire these records for the Department the expenditure on this account being met from the Contingent grant in the Budget of the Department for the current year.

Yours faithfully,

K.A. Nilakanta Sastri
